

WYCC-TV

**6258 S Union Avenue
Chicago, IL 60621**

We, the undersigned, request that you add the daily, independent news program Democracy Now! to the WYCC-TV broadcast schedule.

While WYCC-TV excels in providing news programs from a variety of world and US sources, nothing in its programming provides the grassroots investigative perspective of **Democracy Now!**. This one-hour week-day broadcast provides in-depth, timely coverage of a broad range of domestic and international subject matter, featuring interviews with presidents and dissidents, activists and artists, whistleblowers and poets, as well as with local people most affected by decisions of the powerful.

Democracy Now! fully complies with the goals of WYCC-TV as outlined in its mission statement. Once established in the WYCC daily schedule, we who currently watch **Democracy Now!** on local cable will wholeheartedly support your station because of its newly demonstrated commitment to independence, integrity and diversity; and those of us without cable will appreciate the opportunity to view this important program. **Democracy Now! truly belongs on Chicagoland's public television.**
